Carleton-sur-Mer Lions Club Activity for children Christmas Parade 2023 and newcomers for more than 50 years, the traditional Christmas parade has remained an activity for children that mobilizes several Lions members.

Throughout the journey of the parade, to the sound of music, Santa Claus and his many elves offer treats to the children.

Other costumed characters are added to the parade and bring their touch of magic, whether it is the lion, the reindeer, the Ice Fairy, Mother Christmas, etc.

The organizers are committed to the participation of the children by offering them to put on a leprechaun costume and participate in the distribution of sweets, while having the chance to rub shoulders with Santa Claus and even walk with him in his cart.

It should be noted that in 2023, the parade took on a whole new look since the Lions Club invited a dozen children from the families of newcomers living in Carleton-sur-Mer.

They were all happy to wear elf costumes and meet the children to offer them treats throughout the journey.

It was a great way to promote the integration of these young people from Côte d'Ivoire and Congo. And their smile said a lot!

We raise between \$2500.00 and \$5700.00 annually, which is dedicated exclusively to helping children.

Last year, we spent \$4700.00 on all kinds of assistance and services, but only for young people.

In exchange, we can count on the participation of several children from the municipality to help us with this fundraising.

They are delighted and happy to have participated.

Even when these young people have grown up, they continue to come and help us on this food drive day.

Our total population is about 1200.

# EDITORIAL.

LEOS friends,

The LEO Clubs encourage young people to develop leadership and entrepreneurship qualities.

They were founded in 1957.

Today there are more than 180,000 LEOS across 150 countries and territories I would like to point out that the Lion Claude Gilbert began to take an interest in Leo in 2016.

He became president of the Youth and LEO Commission in 2017, 7 years later 5 clubs were founded and several Lions clubs are now looking for information and are lobbying in their municipality and community.

Interest is growing.

It is a long-term activity and a constant follow-up.

Congratulations to the Lion Claude Gilbert, it is a first-rate achievement.
