THAT MAKES THE DIFFERENCE!

Multi District U - Quebec, Canada.

Leos and Lions Friends

From the beautiful Province (D.M.U.)

The Leo International Symposium took place on April 15th, in the innovations of the Leo Program, several good tips and tricks were developed to help Leo Clubs with their foundation, recruitment, retention and transfer to Lionism.

Many interests are growing in our Province on the subject and that is why I transmit this vision to you.

Leos' vision:

- 1- To be the global youth leader in community and humanitarian service.
As the youngest members of The Lion Club International.
- 2- Leos embody the most outstanding qualities of our organization through their commitment and awareness of the power of action.
- 3- Leos and Lions form a strong partnership today.
- 4- Lions benefit from the innovative perspectives of Leos.
- 5- Leos benefit from strategies proven to serve good in the world for decades.

And that's just the beginning.

The help Leos can provide is endless.

The success of Leos clubs is crucial to the Lion Club International.

It is the Leos who will pass on our beautiful history, lead our second century of existence, and go even further.

Activity The Léopards.

Since October and this month, twice a month, members of the Leopards club have served lunches for students from Champagnat high school.

They invited the members of the Lion club to join them.

Thus, students no longer enter the empty stomach in class.

Club Léo of Tuque - The Cooperative of Solidarity E.T.C.

This year again, the LEO members of La Tuque went to the Cooperative of Solidarity E.T.C. (School, work, community) to help employees sort laundry, cut rags that will be sold to garage owners in the city, help with the flea market (dishes, trinkets, CD's).

This cooperative receives secondary school students who attend work/study classes.

They learn the basics of running a shop.

This company helps the less fortunate in our city.

Message from the president of the District U-2 Youth.

Leos and Lions Friends

In the U2 District, open-mindedness is created, and we believe among Leos that things can be done differently, in diversity and acceptance of change.

Leos Clubs are part of the solution to Lions membership succession.

A new philosophy and way of seeing is taking hold more and more.

More and more Zones and Clubs are using the Leo information sessions that I enjoy hosting and presenting.

The youth activities of the Lions multiply and are more and more shared.

The peace posters were a resounding success this year and like last year the peace poster kits will be available at the Alma convention on May 6th and 7th.

Lions friends remember that we need a Lion Club to found a Leo Club.

Lions Club in Carleton.

On October 17, three members of the Lions in Carleton club went to distribute apples in the 2 primary schools. They met 11 groups.

We talked to them about our works, we discussed volunteering.

With them, good lifestyles and that it was very important to get involved in society.

The students liked Note Visit.

Message from the president of the Youth Commission U-3 District.

Hello fellow, U-3 District Lions,

We have now come to the final stretch of the current year.

To date we have recovered from the famous pandemic.

Let's look around, there are certainly future possibilities for a new Leo club.

Maybe you are evaluating with your Lions club and the incentive to become a Leo advisor?

I am at your disposal to give you further information on the subject.

Looking forward to hearing from you and I wish you a good end of the year filled with projects concerning our youth.

ÉDITORIAL.

Lions friends,

In 2023, the members of the Lions clubs felt a renewal, an awakening, a rebirth which influences the foundation of the LÉO club.

Little by little as the bird makes its nest, the information and the documentation that the clubs receive, encourage them to see things differently.

There are still a few months to think about it.

Lions friends get to work, 2024 should be the year of LÉO' club foundations, a way to ensure the sustainability of your clubs.
